

Welcome to Your Digital Plant Diary.

Track, manage, and celebrate the life of every leaf in your home.

[Get Started](#)

Photo Journal

Watch Your Garden Grow

Document your plant's progress with photo updates and watch your virtual garden thrive over time

Care Scheduler

Never Miss a Watering Again

Set reminders for watering, fertilizing, and other care activities. Keep your plants happy and healthy without the guesswork

Plant Diary

Your Plant's Personal Journal

Note milestones, peculiarities, and everything in between. Your digital diary makes it fun and easy to look back at your plant's history

Why Plant Diary?

Created by plant lovers for plant lovers, our digital library is designed to help you nurture your connection with your indoor garden. Whether you're a seasoned botanist or just starting your first pot, our platform is tailored to make plant care seamless and satisfying.
